

SAINT-GOBAIN ABRASIVES

**NORTON**

## Asphalt & Concrete ▶ **C51**

The Clipper Floor Saw C51 is a compact, robust and highly manoeuvrable floor saw, that is also excellent value for money. It is designed for both wet and dry cutting of concrete and asphalt. Its light weight and speed of cut make it the ideal choice for fast, intermittent use in cable trenching

and road sawing applications. The ergonomic design has been carefully thought out to ensure optimum portability and maximum efficiency when cutting. Use of Norton diamond blades with the Clipper C51 will give best results and high productivity.

**Asphalt & Concrete ▶ C51**

**Features**

- ▶ Designed for use with Clipper wet and dry cutting diamond blades.
- ▶ Suitable for all working conditions, even when water is not available.
- ▶ Quick and easy to adjust depth of cut to maximise the operators comfort.
- ▶ Ensures that operators work with the safest possible machinery, conforming to all European directives.
- ▶ The water tank support has 3 functions: protecting the motor; facilitating mechanical lifting on centre of gravity and supporting the water tank.
- ▶ Height of handles can be easily adjusted.
- ▶ Handle position not related to depth of cut.
- ▶ Good ergonomic working position for the operator.
- ▶ Space saving in storage by compact design. Ideal for surface repair jobs, where space is restricted.
- ▶ Wide diameter rear wheels for a very stable machine. Wheels are coated in hardwearing rubber for protection.
- ▶ 20 litre capacity water tank (standard). Wet cutting can be undertaken in isolated locations. C51 may also be connected direct to a water supply.
- ▶ Cutting guide fixed on frame makes it easy to adjust and gives precise, straight cutting.
- ▶ Honda engine GX 200 is very quiet in operation. An engine known for its reliability. Lack of vibration from the machine guarantees long blade life.
- ▶ Three drive belts with a very efficient design: increase life of machine.

Compact machine.  
Water tank fitted as standard.

Adjustable depth of cut. Height of handles can be easily adjusted.

Sealed wheel bearings.

Complete and comprehensive range of diamond blades.

**Specifications**

**Mode**

Honda GX 200	4,8 kW (6,5 HP)
Load-free petrol	4-stroke engine, 1 cylinder
Starter	manual

**Characteristics**

Max. blade diameter ø	350 mm
Max. depth of cut	125 mm
Bore size	25,4 mm
V-belts	3
Blade shaft speed	2800 min <sup>-1</sup>
Sound pressure	84 dB(A)
Sound power	100 dB(A)
Water capacity	20 l

**Dimensions / Weight**

Length	756 mm
Width	446 mm
Height (with water tank)	888 mm
Height (without water tank)	742 mm
Weight (kg)	58 kg
