Concrete & Asphalt ▶ **C99 Floor Saw**

The Clipper C99 is a compact and economical floor saw, for wet or dry cutting of asphalt or concrete. The outstanding cutting performance is obtained by the optimal weight distribution. The positioning of the 20 litre water tank adds weight onto the blade while maintaining an excellent view of the cutting operation. By means of a handwheel the operator can adjust the cutting

depth, indicated by a gauge (patent pending). The handle is adjustable to the operator height and stays level at any cutting depth. Vibration is kept to a minimum with the heavy-duty frame of the C99 which will extend the machine life and add comfort to the operator. The best performance is obtained with genuine Norton dry or wet cutting diamond blade.

clipper

Asphalt & Concrete ▶ C99 Floor Saw

Features

- ▶ Continuous depth control with a handwheel. The depth is indicated by a gauge (patent pending).
- ▶ Easy to service 4 V belts drive.
- ▶ Cutting depth up to 140 mm.
- ▶ Removable 20 litre polyurethane water tank with large opening for filling, inbuilt coupling for external water supply.
- ▶ Easily adjustable handle to the size of the operator. The handle stays at the same level at any cutting depth.
- ▶ Vibration reduced by heavy duty frame.
- ▶ Optimal weight distribution results in outstanding cutting performance.
- ▶ Shaft locking device for easy blade removing. Pivoting blade guard, stays permanently on the machine.
- ▶ Standard 20 mm twin blade mounting.
- ▶ Lifting hook in the center of gravity of the floor saw.
- ▶ Easy access to the fuel tank.
- ▶ All necessary tools stored on the control panel.
- ▶ Rear wheels and blade shaft bearings equipped with grease nipples.
- ▶ Rear wheel in recess from the cut and permits to cut in parallel of an open trench.
- ▶ Parking brake for safety.
- ▶ Heavy duty pillow block bearings on 30 mm blade shaft.

Specifications

Model

Model C99 PI3H	Petrol Honda GX390	13 HP (9,6 kW)
Model C99 PI3H CYCLONIC	Petrol Honda GX390	13 HP (9,6 kW)
Modell C99 D7	Diesel Hatz 1B30	7 HP (5 kW)
Modell C99 E75.3	Electric	5,5 kW 400 V 3~

Characteristics

Max. blade ø	450 mm
Max. depth of cut ø 400	140 mm
ø 450	165 mm
Bore	25,4 mm
Twin blade mounting	20 mm
Blade shaft speed	2850 min ⁻¹
V-Belts	4
Water capacity	20 l
Sound pressure	88 dB(A)

Dimensions / Weight

Length (Working)	1160mm
Length (Transport)	850 mm
Width	512 mm
Height	990 mm
Weight	Honda 98 kg
	Hatz 107 kg
	Elektro 105 kg

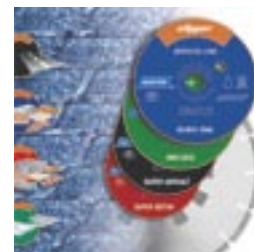

Ergonomic working condition.

Easy blade mounting. Parking brake.

Depth gauge, lifting hook.

Designed for use with Clipper wet or dry cutting diamond blades.
