Masonry Saw ▶ **CGW Evo**

The Clipper CGW EVO is a lightweight, portable masonry saw, ideal for safe and easy cutting of ceramic tiles and similar small building materials. The CGW EVO has a number of features often found only on larger masonry saws. Its lightweight, foldable legs and transport wheels assure complete site portability, and no

optional accessories are needed to increase the Compacts versatility. When used with Clipper dry-cutting, laser-welded diamond blades or our popular wet-cutting diamond blades, the CGW EVO represents the best quality and value in portable masonry cutting systems.

Masonry Saw ▶ CGW Evo

Features

- ▶ Blade guard with removable cover provides maximum possible operator protection and permits easy access for blade changing.
- ▶ Spring-loaded, jig-welded cutting head ensures shock free cutting.
- ▶ Cutting head locking device permits easy straight through cutting.
- ▶ Cutting head mounted on slide bearings ensures cutting accuracy.
- ▶ Heavy duty conveyor cart:
 - ▶ Jig-welded construction ensures stable and smooth operating during cutting.
 - ▶ Material is firmly held in place thanks to a non-slip rubber top.
 - ▶ Wear-free tilt-lock wheels ensure precise positioning of the cart.
 - ▶ Integrated tilting mechanism (0-45°).
- ▶ Variable angle guide-a-cut with scale of degrees permits cutting at any angle without additional tools.
- ▶ Direct drive motor with sealed bearings lubricated for life permits a maintenance-free operation.
- ▶ Water pump with switch for dry cutting.
- ▶ Water flow regulating valve positioned on blade guard reduces water consumption and permits operator and site comfort and safety.
- ▶ Handles and wheels, and folding legs allows easy transportation of the saw on site

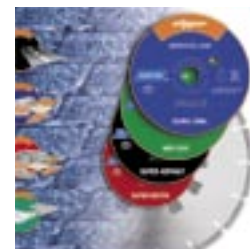

Easily transportable.

Opening cover facilitates ease of blade mounting.

Heavy-duty conveyor cart with integrated tilting 0-45°.

Complete and comprehensive range of diamond blades.

Specifications

Model

CGW EVO 1.25.1	2,2 kW (3 CV) 230V
	1,5 kW (2,0 HP) 115V

Characteristics

Max. blade ø	350 mm
Max. depth of cut	110 mm
Max. cutting length	600 mm
Table dimensions (l x w)	320 x 440 mm
Blade shaft speed	2800 min ⁻¹
Sound pressure	80 dB(A)
Sound power	92 dB(A)

Dimensions / Weight

Length	580 mm
Width	1200 mm
Height (without legs)	740 mm
Height (total)	1380 mm
Weight	78 kg

Accessory

- ▶ Lateral extension for extra wide materials
- ▶ Laser guide-a-cut
